

Job Summary

Our House is a non-profit organization serving people living with HIV/AIDS. We currently have an open CNA/Caregiver position 24 hours per week (benefited) to work in our 14 bed residential facility. Our House's philosophy is rooted in harm reduction and includes compassionate communication and the building of a strong sense of community to inspire people living with HIV to live well.

Responsibilities and Duties

Night shift caregiver/CNA

A night caregiver/CNA is responsible for direct resident care (providing physical and emotional support), as well as environmental care of the facility. The caregiver/CNA works with the RN as a team to ensure that resident and facility needs are met.

Hours/work days: at least 24 hours a week (benefited)

Qualifications and Skills

- CPR Certified
- Must be responsible, dependable, flexible, and have good communication skills
- Motivated to work with persons with HIV/AIDS who require all levels of care
- Willing to work with persons with physical and emotional health challenges
- Knowledge to work within a harm reduction model of care
- Knowledge of transfer techniques and body mechanics

Benefits

Our House offers the following benefits starting at 24 hours per week: Generous medical/dental insurance, paid time off, flex spending account, 401K, weekend, evening and night shift differentials, discounted gym membership and monthly training's on progressive topics such as mindfulness, trauma informed care, motivational interviewing and monthly yoga.
